

MOVING INTO THE FINAL YEAR

Prospectus

A preparation session for candidates taking the Autumn 2027 APC sitting

APC SUCCESS

01

INTRODUCTION

This popular half-day training session is available for APC candidates working in real estate organisations, estates department of larger organisations (local authorities etc.) and surveying firms that do not have access to a corporate APC training programme.

We bring together up to 12 candidates in single groups for this session, which is suitable for candidates on the Commercial, Residential, Property Finance & Investment, Planning & Development and Valuation APC Pathways.

Details of the dates and how to register are available via our website and will be treated on a first-come, first-served basis. The key details for the session are provided in this prospectus. By registering for the session, you will be joining a cohort of candidates from other firms that will be sitting their APCs at the same time as you, and we encourage candidates to support each other as they prepare for their submissions and interviews.

If you have any queries regarding this course, please do get in touch.
We hope to hear from you soon.

SYLLABUS

Moving into the Final Year

A half-day interactive session that will ensure you are on the right track for your final year, and help you prepare for the final submission. We will cover:

- Understanding what the APC assessors are seeking from your submission and final assessment
- An introduction to the Assessment Platform and advice on how to upload your work
- A look at what competencies you are considering, and advice on their suitability
- How to approach and complete all aspects of the APC submission
- What makes a good case study topic, and what we mean by 'Key Issues'
- Time management tools for the next year to ensure that you are well prepared

DETAILS

Delegates:

Each session will consist of up to 12 delegates and we encourage each group to work together outside of the sessions to benefit from collaborative working and mutual support.

Where possible, we will try to keep you in the same group for the 3-day APC Combined Preparation course the following year.

Ongoing support

We provide ongoing, out-of-session support for delegates via WhatsApp and email.

Coach

The courses will be delivered by John Baker FRICS. He began APC assessing in 1999 and is a regular panel Chair and Assessor of APC and Senior Professional assessments, and an APC auditor. He has delivered APC training and coaching since 2011 and finds it rewarding to help the confidence of candidates increase as the final assessment interview approaches.

Venue

Face-to-face courses will be run at the Etc Venue In Borough (London), and The People's History Museum (Manchester). Following the success of our distance-learning courses we will continue to offer an online-only option as well.

TESTIMONIALS

From candidates who sat in Autumn 2024:

Support is not overwhelming and is delivered in a fun, friendly, yet informative manner. It felt like real-world advice, not just being lectured on the process.

From start to finish, the guidance and support from APC success was excellent. The team were very helpful in mapping out the process in a clear way and were always on hand to answer any questions. Couldn't have done it without them!

APC Success provided a structure for preparing for the APC and how to break this down into a manageable revision plan. It made the whole thing easier and less stressful.

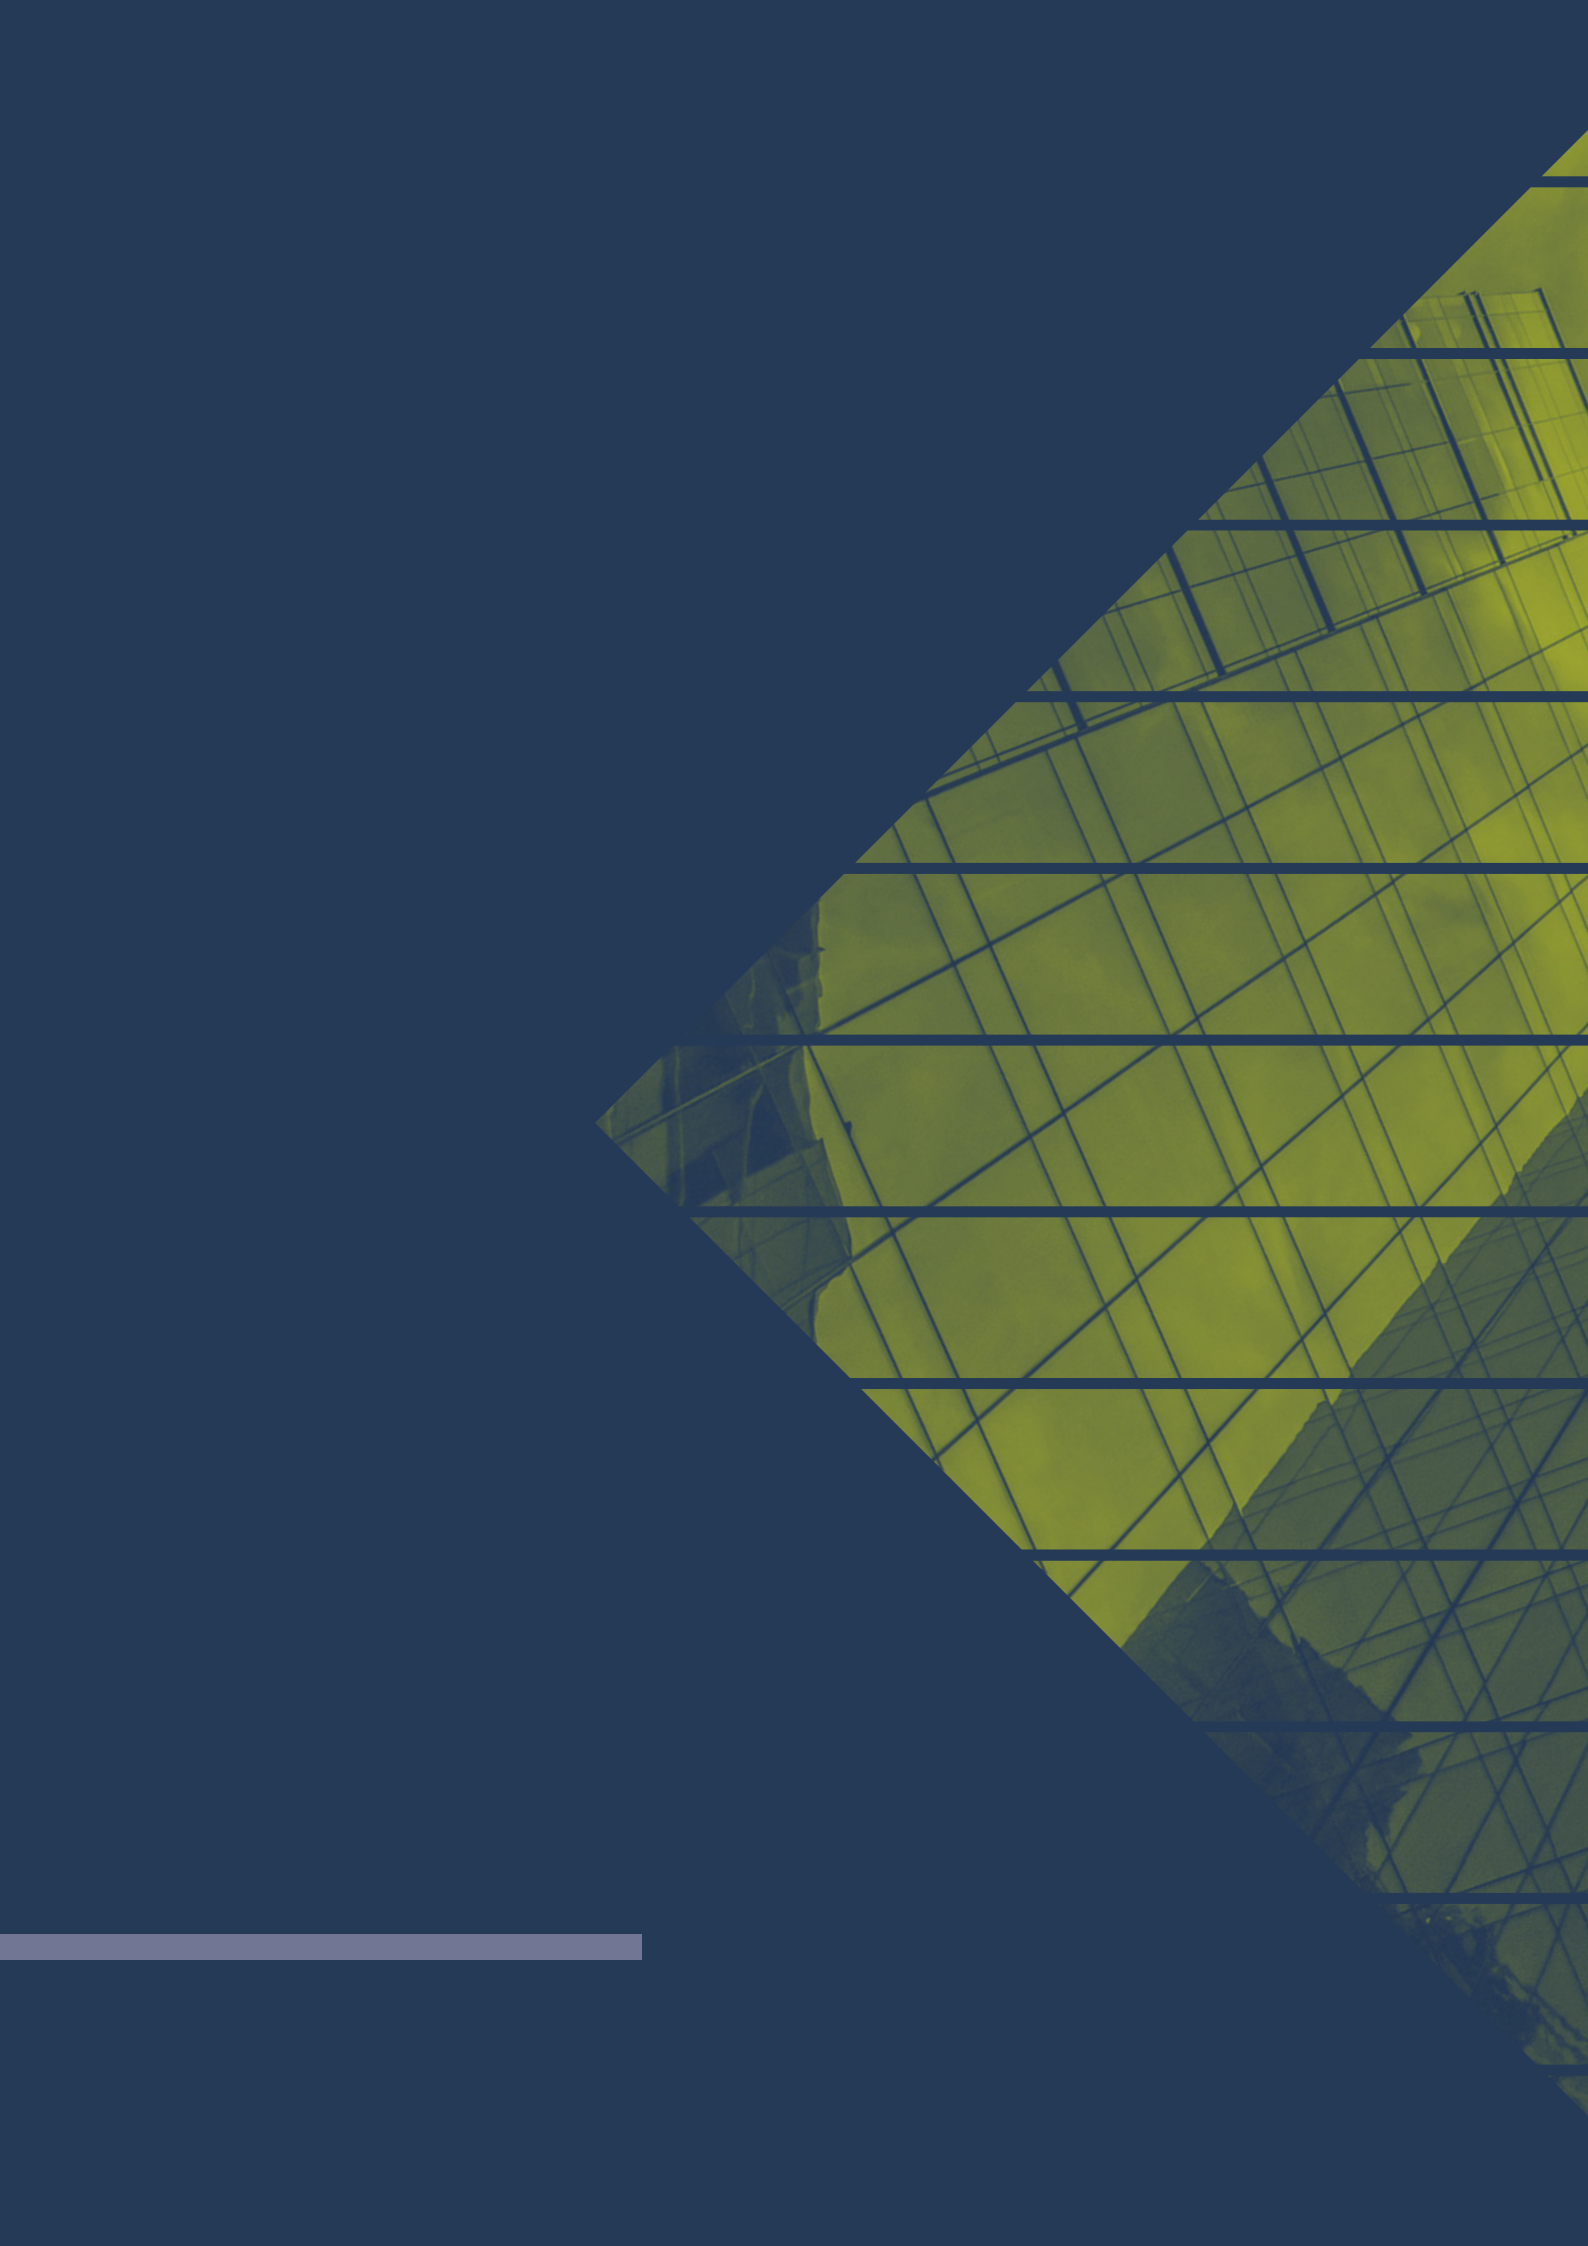

Coming from a public sector firm where nobody had sat the APC in 8 years, I received invaluable help and support from APC Success who provided all the materials and equipped me with the confidence I needed to pass.

John was incredibly helpful, clearly very knowledgeable on the process and the content more broadly. The process can look very daunting on paper, and in a company with very little support available, John was able to make the process very clear, less daunting and put my mind at ease that I was on track, but at the same time gave a clear path to making sure I passed the assessment.
